

“These guys are absolute monsters!”

Jeff Miers- Buffalo Evening News Critic

Acid Jazz Quartet “FlashBamPow”

A quote from our website best sums up who we are: “We come on time, set up, blow everyone’s minds and leave.” FlashBamPow’s intense live performances often flow between straight ahead jazz and funk, to improvisatory jamming and eastern ragas. We’ve been very busy performing, writing new arrangements and experimenting. As a result, we have many new sounds to share with you.

We’re all skilled, veteran performers with decades of stage, radio and recording experience. We love performing and we make sure to put on a show you can’t look away from.

Regionally, FlashBamPow has played at: The Music is Art Festival (Bflo.), Jazz 90.1 FM and WAYO FM in Rochester, Buffalo Riverworks, Club Duende, Club Diablo and many more clubs and venues.

FlashBamPow is known as a highly expressive band that often employs surreal video and art in their live shows. The art is mostly created by Sean Madden, an award-winning artist who has exhibited his strange, surreal artwork globally.

Veteran Philadelphia drummer Paulie Cucinella has recently joined the group and he’s quickly contributing to the group’s intense live energy with his funky, hip style of playing. Dan Zea plays bass and vocals, Rob Mossotti plays keys and Sean Madden plays guitars and Kaossilator.

All FlashBamPow shows are promoted via: Facebook, Instagram, YouTube, and Email. For our LinkTree Page: www.linktr.ee/FlashBamPow We also design our own unique posters. These posters are so awesome— people have taken them off of the walls where we’ve played. We sell them on our website now. FlashBamPow also works in partnership with Blossom Buffalo, a psychedelic boutique and event promoter in Buffalo to bring their sound to fans in WNY: www.blossombuffalo.com
